Suggestion: use bots to spread the information rapidly across social media and every corner of the internet. Instagram, fakebook, tiktok, twitter, parler, etc... I do not know how to make that happen, but I know it exists.

Thank you to all who are behind this epic patriotic effort

I just realized something, and I'm not a conspiracy nut...numerology, gematria, chemtrails, zombies, none of that

When Biden pointedly warned us it was going to be a ***DARK WINTER***... he might have been again signaling their ***actual planned reality*** (a la Fauci "The incoming [Trump] administration will *definitely* experience a pandemic" and Biden "We have the most extensive and inclusive voter fraud organization...")

WINTER begins 12/21, the winter solstice, a massively important day in the satanic calendar

12 + 21 = 33, one of the illuminati's all-time favorite numbers; the number of degrees of Freemasonry that exist...meaningful and important to THEM not me

On 12/20, the day before the winter solstice, a global Internet "blackout" is rumored to occur (key word = rumored; rumor, opinion, and hearsay are the lowest level of information) to keep people in the dark about the election

**"DARK WINTER"**

I just sent [u/EPic](#) a PM, we need volunteers to STEP UP!

NOW is the time to share the information firehose in bite-sized, digestible pieces because legacy media is COMPLETELY IGNORING THEIR DUTY.

It isn't easy, these are professionals who put in their livelihood to make information usable by everyone. That chart on the news, the video clips that show highlights.

Heck just yesterday that Michigan hearing was great - I heard probably 50% of it - but it took Steven Crowder and his crew to [boil it down to this 16 minute 'supercut'](#) that I thoroughly enjoyed earlier this evening.

Immediately I thought of sharing it with my family who needs to hear this information, and absolutely won't have the time or interest to slog through the 7 hour thing.

Anyway, I'm going to give my effort and skill to this, whatever I can do with making pretty tables. I thought about it way back when [Matt Braynard first dropped this bombshell three weeks ago](#), but held off thinking it wasn't worth it, because it's the effort of just me (to make his chart a little more accessible - he stacks multiple states, and is not clear on what is being presented in terms of the fraud involved).

Here we have the chance to join forces.

**COUNT ME IN.**

## If you like spreading the word in the real world...

Check out this thread I posted! It's got thumbnail previews of a bunch of signs (including for TheDonald.win) I have made and posted for people like you, so you can print them at home to make your own signs.

<https://thedonald.win/p/11Ql6LH4US/-today-is-were-not-gonna-take-it/c/>

I have had other people here tell me they are using these sign designs to **make stickers** to post IRL.

**I also have another thread with more than 80 sign designs for TRUMP signs, Stop the Steal, Anti-Voter Fraud, Anti-Fake News, Anti-Lockdowns/COVID, and more!**

<https://thedonald.win/p/11QRkC8Ngf/-to-everyone-on-the-donaldwin-say/>

(Be sure to scroll down to the comments, there are more sign links down there too!)

**My original idea was for people to hang these signs in the windows of their vehicles** to make Mobile Billboards of Truth, and drive around in their free time in BUSY PLACES at BUSY TIMES OF DAY. With this tactic we can bypass the fake news media and get messages to people who will never hear them otherwise. Plus you can do it any day of the week (in between rallies) and it's fun! :-)

**And I love it when people tell me about other new creative ways to use them, such as making stickers!**

If anybody reading this has any ideas for new signs they would like to see, send me a direct message and I'll make one and post it for you! :-)
